PROJECTS & RESEARCH

Hydrolysis of Whey Protein Using Plant-Derived Enzymes and Evaluation of Its Functional Properties

November 2025– On going

Work: Literature review, selecting plant enzymes, planning hydrolysis experiments, and designing tests for functional properties.

Expected Results: Improved solubility, foaming, and emulsifying properties of whey protein after enzymatic hydrolysis.

TRAINING

Two day orientation training on ISO 22000:2018 and its Application in Dairy Safety Management

Feb 18 - 19, 2024

Milk Quality Testing Laboratory Training

Feb 5 - 9, 2024

CERTIFICATIONS & PARTICIPATIONS

- Participant on talk series “Exploring the Potential of Alternative Proteins: Innovations, Impacts and Future Directions” **Jun 12, 2025**
- Third Position on inter college oratory competition organized by NEFOSTA, KMC and DFTQC **Jun 5, 2025**
- One Day Workshop on the need for Food Loss and Waste Assessment in Nepal **April 10, 2025**
- Participant on talk series “ Water activity of Foods: a legacy of Late Professor Ted Labuza” **March 18, 2025**
- Participant on talk series “ Potential Application of E-Beam Technology in Food Industries” **Dec 16, 2024**
- 9th National Conference on Food Science and Technology (FCON 2023) **Jun 12-13, 2023**
- First position in quiz competition organised by NEFTSA CAFODAT **Feb 26, 2023**
- Participant on talk series “Food Safety Global Standard, Local Impact” **Jan 23, 2023**

SKILLS

- | | |
|--|-----------------------------------|
| ● Leadership & Communication | ● Microsoft 365 |
| ● Food safety and Quality Control (ISO22000:2018 Principles; HACCP Basics) | ● Microbiological Testing |
| ● Documentation & report writing | ● Sensory Evaluation |
| ● Laboratory testing | ● Food and dairy processing |
| | ● Food safety and Quality Control |

WORK EXPERIENCES

- Worked as office secretary at Nepal Food Scientists and Technologist Association (NEFOSTA)
- Recently working as intern in NFRC (Nepal Food Research Center)
- Volunteer in the 9th National Conference on Food Science and Technology

PROFESSIONAL AFFILIATION AND MEMBERSHIP

- Worked as the secretary of NEFESTA (Nepal Food Technology Students Association) Cafodat College ,15th executive committee
- Conducted several extra-curricular activities inside the college
- Student Member at NEFOSTA (Nepal Food Scientists and Technologists Association)
